

# Hunting for Heat Loss

How to play?

- \* Borrow a FLIR(R) camera (it will connect to your smart phone) from the library
- \* Use the camera to look for opportunities for saving heat (and therefore energy!) here at VIU (your office/classroom/other VIU area)
- \* Pay close attention to window coverings and doors
- \* Use this form to tell us about your discovery and what action(s) you took to save energy.

Hunt section completion -- will qualify you for the weekly draw

Safari section completion -- will qualify you for the initiative prizes draw

Concerned about adding your email address? We won't send you anything except a notification if you've won a prize and/or information on final results of this initiative.

Prefer not to use Google forms? You can print and fill out a pdf form (link at [bit.ly/VIUHunt4Heat](https://bit.ly/VIUHunt4Heat)) and mail it to [sustainability@viu.ca](mailto:sustainability@viu.ca)
