

September 1, 2009

On behalf of the Minister of Advanced Education and Labour Market Development (ALMD), I am writing to provide you with information regarding your institution's budget for 2009/10-2011/12. The 2010/11 and 2011/12 targets are provided for planning purposes only, and are subject to annual approval of the Legislature. Your institution's specific transfers and full-time equivalent (FTE) allocations for the next three fiscal years are provided in the Attachments. These allocations extend, for one year, foundation and health seats added to institutions' budgets on a one time basis in 2008/09 and referenced in 2008/09 GLEs.

For some institutions, student demand for some foundation and short term health programs may have shifted over the last year. If your institution anticipates not being able to deliver all sections of the foundation and health programs which have been funded again in 2009/10, funding may be reallocated for those intakes in the following order of priority:

Foundation FTEs

- Other foundation programs (not funded by the Industry Training Authority)
- Health programs
- Trades related programs
- Trades equipment

Health FTEs

- Other health programs
- Foundation programs (not funded by the Industry Training Authority)
- Health equipment

Your institution's Annual Capital Allowance has been reduced by approximately one third from the amount communicated in the interim budget letter on March 10, 2009. These revised allocations were communicated to institutional Presidents in August 2009.

... /2

As mentioned in the interim budget letter “It will be critical to government’s fiscal plan that institutions operate within funding levels provided. Institutions will be required to manage their consolidated operating budget on a “no deficit” basis and their capital budgets within approved 2009/10 and 2010/11 allocations. Where necessary, strategies are to be developed to ensure these objectives are achieved.” These strategies include deficit management plans and monthly reporting. Institutions impacted by this requirement have already been contacted by the Ministry, and the deficit mitigation process is underway.

Thank you for the feedback which you provided this spring regarding administrative savings initiatives at your institution. The Ministry has summarized the responses received from institutions into a report outlining how the post secondary sector will collectively achieve \$11 million in annual administrative savings and re-direct these savings into post-secondary programming. This summary report has been provided to the Minister of Finance. ALMD will be following up with institutions on the realization and redirection of the administrative savings.

Sincerely,

ORIGINAL SIGNED BY

Ruth Wittenberg
Assistant Deputy Minister
